

DEVELOPMENT SECRETARIAT

No. G. 3387—Pt. 123-36-3, dated 23rd November 1936.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under Section 17 of the Mysore Forest Regulation, XI of 1900, that from the 1st January 1937, the area, the boundaries of which are set forth in the Schedule appended to this notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof.

Schedule.

District	Taluk	Hobli	Village	Area	Name of block	Remarks
Kolar	Srinivasapur.	Nelavanki	Yerkalve	5,047 35 or 788 sq. miles.	Mallampalli- Attikunte Block.	Situation:—This block is situated at a distance of about 15 miles north-east to Srinivasapur Town, west to Royalpota State Forest Block III.
			Mallampalli			
			Upparahalli			
			Jannapalli			
		Ronur	Ildone			
			Nyaromakalapalli			
			Ijkunte			
			Digavapalli			
			Pathaballapalli			
			Dasarithimmanapalli			
			Veerathimmanapalli			
			Kornelli			
		Yeldur	Gopalapura			
			Narnipalli			
			Kalkunte			
			Muthaballapalli			
			Attikunte			
			Jekunte			

Boundaries.

North.—Starting from the point where the gadi bondhs of Mallampalli, Pathakote and Yerkalve villages meet the line runs south-east along the village boundary between Mallampalli and Yerkalve villages for about 21 chains and turns east and runs for about six chains along the same boundary on the southern side of Survey No. 195 of Yerkalve to the south-east corner of Survey No. 195, then it runs due north-east through Survey No. 194 of Yerkalve village for about 42 chains and meets the south-east corner of Survey No. 39 of Yerkalve, then in the same direction along its eastern boundary for 63 chains till it meets the tri-junction bondhs of Survey No. 39 of Yerkalve, 157 of Ildone and 27 of Krishnapura villages.

East.—Then the line turns south-east and runs through Survey No. 157 of Ildone for a distance of 36 chains and meets the north-west corner of Survey No. 156 of Ildone and then runs due south along the western boundary of Survey No. 156 and 155 of the same village; then turns south east and runs through Survey No. 157 for about 28 chains to its (Survey No. 157) south-east corner, then the line runs slightly south-east in Survey No. 119 of the same village for about 15 chains till it meets the south-west corner of Survey No. 118 and then turns due south and runs through Survey No. 119 for about 48 chains and meets the village boundary between Kotaballapalli and Ildone villages at a point about 14 chains south-west from the north-west corner of Survey No. 65 of Kotaballapalli, then the line turns south-west and runs through Survey No. 116 for about 14 chains to a point on the southern side of Survey No. 116 about nine chains north-west from the south-east corner of the same Survey No. 116; then south-west through Survey No. 51 of Kotaballapalli for 20 chains till it comes to a point of nine chains west from the south-west corner of Survey No. 49 and turns south and runs through the same Survey No. 51 for about 13 chains to a point about 9½ chains west from the south-west corner of Survey No. 48, then turns west and runs in the same survey number for about 23 chains and meets the north-west gadi bondhs of Lingapura village, then the line turns south-west and runs about 42 chains through Survey No. 62 of Jannapalli and meets the north-west corner of a Kunte in the same survey number and runs south through the same survey number for about 51 chains and meets the common boundary of Jannapalli and Digavapalli at a point about nine chains west from south-west corner of Survey No. 48 of Jannapalli; then south through Survey No. 13 of Digavapalli for about 25 chains to a point about eight chains north-west from the south-west corner of Survey No. 10 of Digavapalli and runs south-west in the same Survey No. 13 of Digavapalli for about 35 chains and meets the common boundary of Digavapalli and Pathaballapalli villages at a point about 19 chains south-west from the south-west corner of Survey No. 11 of Digavapalli; then it turns east and runs along the common boundary of Digavapalli and Pathaballapalli about

31 chains to a point about two and a half chains south from the southernmost corner of Survey No. 12 of Digavapalli village. Then the line runs south for a distance of about 41 chains in Survey No. 142 and 126 of Pathaballapalli to a point about 11 chains north-west from the south-west corner of Survey No. 148 of the same village. Then it runs south-east for about 39 chains to a point about 10 chains south-west from the south-west corner of Survey No. 119 of the same village. Then it runs due south about 75 chains in Survey Nos. 126 of Pathaballapalli, 86 of Kornelli, 14 of Veerathimmanahalli and 188 of Kornelli villages and meets the north-west corner of mango garden in Survey No. 188. Then slightly south-west for about eight chains along the western side of the same garden. Then turns south-east and runs for about 75 chains in Survey Nos. 188, 195 of Kornelli to a point about three chains south-west from the south-west corner of Survey No. 189 of Kornelli village. Then the line runs south for about 18 chains through Survey No. 195 of Kornelli and meets the southern boundary of the same village at a point about $12\frac{1}{2}$ chains north-west from the north-west corner of Survey No. 15 of Nernipalli village. Then the line turns south-west and runs for about 36 chains in Survey No. 125 of Nernipalli village to a point about 20 chains south-west from the north-west corner of Survey No. 126 of the same village. Then it turns south-west and runs in the same Survey No. 125 for about 44 chains and meets the gadi bonds of Nernipalli, Pathamuthakapalli and Muthakapalli villages. Then the line turns west and runs along the northern boundary of Muthakapalli village for about 33 chains and turns south and runs for about 61 chains in Survey No. 206 of Muthakapalli and Survey No. 3 of Attikunte to a point about eight chains north-west from the north-west corner of Survey No. 5 of Attikunte.

South.—The line then runs south-west in Survey No. 3 of Attikunte for about 20 chains to a point about six and a half chains north-west from the gadi bonds of Attikunte, Peddapalli and Jokunte villages; then runs west in Survey No. 5 of Jokunte village for about 29 chains and meets the southern boundary of Jokunte village at a point about 16 chains east from the southernmost corner of Survey No. 6 of the same village. Then the line runs north-west for about 33 chains in the same Survey No. 5 of Jokunte village and meets the northern village boundary at a point about nine chains south-east from the north-east corner of Survey No. 4 of the same village. Then the line runs due north for about 27 chains through Survey No. 10 of Kalkunte village to a point about three chains south-east from the south-east corner of Survey No. 12 of the same village. Then it turns north-east and runs in the same Survey No. 10 for about 37 chains to a point about 14 chains south-east to the southernmost point of Survey No. 17 of Kalkunte. Then it runs north-east for about 34 chains in Survey No. 10 of Kalkunte, 132 of Nernipalli village to a point about five chains east from south-east corner of Survey No. 4 of Kalkunte village. Then the line runs due north about 12 chains in Survey No. 132 of Nernipalli to a point about six chains north-east to the north-east corner of Survey No. 4 of Kalkunte village. Then the line runs slightly north-west for about 15 chains in Survey No. 132 of Nernipalli and in Survey No. 3 of Kalkunte comes to a point about five chains north from the north-west corner of Survey No. 4 of Kalkunte village. Then the line turns south-west for about 30 chains in Survey No. 3 of Kalkunte to a point about nine chains north-east from the north-east corner of Survey No. 1 of Kalkunte. Then the line runs north-west for about 15 chains in the same Survey No. 3 of Kalkunte to a point about five chains north-east from the north-east corner of the new cultivation in Survey No. 3 (adjoining 86, 87 survey numbers). Then the line runs west for about 22 chains and meets the common boundary of Kalkunte and Gizaganahalli villages at a point about five chains north from the north-east corner of Survey No. 54 of Gizaganahalli.

West.—Then the line turns north-east and runs along the eastern boundary of Gizaganahalli for about 39 chains and meets the tri-junction bonds of Gizaganahalli, Gopalpura and Kalkunte villages. Then runs north-east in Survey No. 66 of Gopalpura and 14 of Veerathimmanahalli for about 95 chains to a point about 10 chains south-east from the northernmost corner of Survey No. 2 (kunte) of Veerathimmanahalli. Then runs north-west for about 12 chains to a point about $5\frac{1}{2}$ chains north from the northern point of Survey No. 2 (kunte). Then the line runs north-west in Survey No. 29 for about 39 chains and meets the common boundary between Veerathimmanahalli and Dasarathimmanahalli at a point about 5 chains north-east from the north-east corner of Survey No. 12 of Dasarathimmanahalli. Then the line runs north-east for about 27 chains along the eastern boundary of Dasarathimmanahalli to the tri-junction bonds of Dasarathimmanahalli, Veerathimmanahalli and Kornelli villages. Then the line turns a west and runs for about 30 chains in Survey No. 173 of Dasarathimmanahalli to a point about 5 chains north from the north-east corner of Survey No. 171 of Dasarathimmanahalli. Then the line turns north-west and runs in Survey Nos. 173 and 213 of Dasarathimmanahalli for a distance of 39 chains skirting along the north-east side of Survey No. 174 (kunte) to a point about 13 chains north-east from the north-east corner of Survey No. 214 of the same village. Then it runs north-west in Survey No. 213 for a distance of $15\frac{1}{2}$ chains to a point about 7 chains north-west from the north-east corner of Survey No. 214 of the same village. Then the line runs north-west about 23 chains in

Survey Nos. 213 and 206 of the same village and meets the south-east corner of Survey No. 1 of Ijikunte village. Then the line runs north-east for a distance of 32 chains in Survey No. 18 of Ijikunte village and comes to a point about 5 chains east from the easternmost corner of Survey No. 20 of the same village. Then the line turns north and runs about 6 chains and runs along the eastern boundary of Survey No. 19 (kunte), for a distance of 13 chains to the northernmost point of the kunte. Then the line turns west and runs for about 18 chains along the northern portion of the kunte for some distance to a point about 5 chains north-west from the north-west corner of Survey No. 27 of Ijikunte village. Then the line runs south-west for 22 chains in Survey No. 28 and meets the common bonds of Survey Nos. 15, 1, 26 and 28 of the same villages. Then the line turns north-west and runs for about 27 chains along the northern boundary of Survey No. 15 of Ijikunte and meets the common boundary of Ijikunte village and Jodiboyipenta village. Then the line runs north-east for about 30 chains along the common boundary of abovenamed two villages to the tri-junction bonds of Ijikunte Jodi Boyipenta, and Narvamakalapalli villages. Then the line turns west and runs along the common boundary of Jodi Boyipenta and Narvamakalapalli villages for about 29 chains and turns north-west and runs for about 13 chains along the north-east boundary of Survey No. 100 of Narvamakalapalli to the northernmost point of the abovesaid Survey No. 100. Then the line runs slightly north-west in Survey No. 101 of Narvamakalapalli for about 37 chains to a point about 8 chains east from the north-east corner of Survey No. 56 of the same village. Then the line turns north-east and runs for about 40 chains through Survey No. 101 of Narvamakalapalli, 21 of Upparapalli village and meets the common boundary of Upparapalli and Jodi Chikanatta at a point about 14 chains east from the south-east corner of Survey No. 19 of Upparapalli. Then the line turns east and runs along the common boundary of Upparapalli and Jodi Chikanatta for about 28 chains turns south-east and runs along the same common boundary for about 16 chains to the southernmost corner of Jodi Chikanatta. Then the line runs north along the eastern boundary of Jodi Chikanatta for about 28 chains then turns south-east runs for about 29 chains in Survey No. 35 of Mallampalli and comes to a point about 6 chains south from the southernmost corner of Survey No. 39 of Mallampalli. Then it turns south-east and runs for about 40 chains in Survey No. 35 of the same village and meets the easternmost corner of Survey No. 64 (kunte) to the same village. Then the line runs north-west for about 10 chains along the eastern boundary of Survey No. 64 to its north-east corner, then the line runs north for about 45 chains through Survey No. 34 of Mallampalli and meets the starting point.

Rights of Way.

1. Foot-path 6 feet wide and about 55 chains long open for men throughout the year from Ildone to Yerkalve. It enters the forest on the eastern demarcation line at a point about 12 chains west from the south-west corner of Survey No. 105 of Rāṣṭra, runs north-west in Survey Nos. 157 and 162 of Ildone and leaves the forest in the northern demarcation line at a point about 23 chains east from the north-east corner of Survey No. 41 of Yerkalve.

2. Foot-path from Ildone to Pathakote 6 feet wide and about 74 chains long open for men all the year round. It enters the forest in the eastern demarcation line at a point about 5 chains west from the south-west corner of Survey No. 203 of Ildone runs north-west in Survey Nos. 119, 162 of Ildone and 194 of Yerkalve and leaves the forest in the northern demarcation at a point about 12 chains north-east from the southernmost corner of Survey No. 41 of Yerkalve.

3. Cart-track from Ildone to Burkayalkote open for men and cattle throughout the year 12 feet wide and about 112 chains long. It enters the forest on the eastern demarcation at a point about 7 chains south-east from south-west corner of Survey No. 203 of Ildone runs west through Survey No. 119 of Ildone, 34 of Mallampalli and leaves the forest in the western demarcation at point about 12 chains south from the tri-junction bonds of Pathakote, Yerkalve and Mallampalli.

4. Foot-path from Mallampalli to Ildone Burkayakote cart-track open for men and cattle 6 feet wide and about 28 chains long. It enters the forest on the western demarcation at a point about 12 chains north from the north east corner of Survey No. 64 of Mallampalli runs north-east in Survey No. 34 of Mallampalli and meets the cart-track.

5. Foot-path from Mallampalli to Venkatarama Reddy Kunte in Survey No. 34 of Mallampalli open for cattle 6 feet wide and about 41 chains long. It enters the forest about 12 chains north from the north-east corner of Survey No. 64 of Mallampalli, runs north-east and east to the said kunte.

6. Cart-track from Nyaromakalahalli to Jannapalli and Lingapura 12 feet wide and about 130 chains long open for men and cattle throughout the year. It enters the Forest on the western demarcation line at a point about 8 chains north from the northernmost corner of Survey No. 100 of Naramakalahalli, runs east and north-east in Survey Nos. 101, 98 of Naramakalahalli and 35 of Mallampalli and 62 of Jannapalli and leaves the forest in the eastern

demarcation line of the middle point of the western boundary of Erravakkari in Survey No. 62 of Jannapalli.

7. Foot-path from cart-track No. 6 to Venkataramareddy kunte open for men and cattle throughout the year 6 feet wide and about 110 chains long. It starts from the cart track from a point about 40 chains from Erravakkari, runs north-east in Survey No. 35 and 34 of Mallampalli to the kunte.

8. Foot-path from Mallampalli and Upprahalli to Erravakkari 6 feet wide and about 30 chains long open for men and cattle throughout the year. It enters the forest on the western demarcation line at a point about 5 chains east from the south-east corner of Survey No. 39 of Mallampalli, runs south-east in Survey No. 35 and joins cart-track No. 6.

9. Cart-track from Naromakalahalli to Digavapalli and Pathaballapalli 12 feet wide and about 170 chains long open for men and cattle throughout the year. It enters the forest on the western demarcation line at a point about 8 chains north from the northernmost corner of Survey No. 100 of Naromakalahalli, runs east and south-east in Survey Nos. 101, 98 of Naromakalahalli, 28 of Ijikunte, 13 of Digavapalli and 142 of Pathaballapalli and leaves the forest on the eastern demarcation line at a point 5 chains west from the south-west corner of the new cultivation in Survey No. 13 of Digavapalli and re-enters the forest about 5 chains south from the south-west corner of the above said cultivation and leaves the forest on the eastern demarcation line at a point about 11 chains south-west from the south-west corner of Survey No. 127 of Pathaballapalli.

10. Cart-track joining 9 and 6. It branches off from No. 9 at a point about 15 chains south-west from south-western corner of new cultivation No. 13 of Digavapalli runs north in Survey Nos. 13 of Digavapalli and 62 of Jannapalli for about 85 chains joins, cart-track No. 6 about 14 chains west of Erravakkari.

11. Foot-path 6 feet wide and about 75 chains long from Ijikunte to Jannapalli for men and cattle. It enters the forest on the western demarcation line at a point about 7 chains west from the north-east corner of Survey No. 19 of Ijikunte, runs north-east in Survey Nos. 28, 18 of Ijikunte, 13 of Digavapalli and 62 of Jannapalli and leaves the forest on the eastern demarcation line at a point about 9 chains west from the south-west corner of Survey No. 48 of Jannapalli.

12. Cart-track from Dasarithimmanahalli to Pathaballapalli and Pulgurkote and 12 feet wide and about 80 chains long open for men and cattle throughout the year. It enters the forest on the western demarcation line at a point about 9 chains north from the north-east corner of Survey No. 171 of Dasarithimmanahalli line runs north-east in Survey Nos. 173 of Dasarithimmanahalli and 126 of Pathaballapalli and leaves the forest on the eastern demarcation line at a point about 8 chains south-west from the south-west corner of Survey No. 148 of Pathaballapalli.

13. Foot-path 6 feet wide and 20 chains long open for men and cattle throughout the year from Dasarithimmanahalli to Siddareddi Vockkri in Survey No. 173 of the same village. It enters the forest on the western demarcation line at a point about 4 chains north from the north-west corner of Survey No. 172 of Dasarithimmanahalli runs north-east in Survey No. 173 to the above said Vockkri.

14. Cart-track from Dasarithimmanahalli to Kornelli 12 feet wide and about 60 chains long open for men and cattle throughout the year. It enters the forest on the western demarcation line at a point about 6 chains east from the north-east corner of Survey No. 172 of the same village, runs east in Survey Nos. 29 of Veerthimmanahalli and 86 of Kornelli and leaves the forest in the eastern demarcation line near the north-west corner of the Mango Garden in Survey No. 86 of Kornelli.

15. (a) Cart-track from Veerathimmanahalli to Kornelli (and on to Punganur) 12 feet wide and about 30 chains long open for men and cattle throughout the year. It enters the forest in the western demarcation line at a point about 7 chains east from the southernmost corner of Survey No. 2 (tank) of Veerathimmanahalli village, runs east in Survey No. 14 of the same village and leaves the forest on the eastern demarcation line at a point about 6 chains south-west from south-west corner of Survey No. 86 of Kornelli village.

(b) Cart-track from Veerathimmanahalli to Kornelli (and on to Punganur) 12 feet wide and about 30 chains long open for men and cattle throughout the year. It enters the forest in the western demarcation line at point about 5 chains south-east from the south-east corner of Survey No. 10 of Veerathimmanahalli, runs north-east in Survey No. 14 of the same village for about 20 chains and joins cart-track (15a).

16. Cart-track from Kalkunte to Kornelli and on to Pathballapalli 12 feet wide and about 2½ miles long open for men and cattle throughout the year. It enters the forest in the southern demarcation line at a point about 10 chains north from the north-west corner of Survey No. 1 of Kalkunte runs north and north-east in Survey No. 3 of Kalkunte, 66 of Gopalpura, 188 of Kornelli and 14 of Veerathimmanahalli, leaves the forest in the eastern

demarcation line at a point about 6 chains south-west from the south-west corner of Survey No. 86 of Kornelli and again enters the forest in the eastern demarcation line near the south-west corner of the Mango Garden in Survey No. 86 of Kornelli, runs north along the demarcation line in Survey Nos. 86 of Kornelli and 126 of Pathaballapalli village and leaves the forest finally in the eastern demarcation line at a point about 12 chains south-west from the south-west corner of Survey No. 119 of Pathaballapalli.

17. Cart-track from Gopalpura to Kalkunte 12 feet wide and about...chains long open for men and cattle throughout the year. It enters the forest on the western demarcation line near the north-east corner of Survey No. 60 (kunte) of Gopalpura, runs south in Survey Nos. 66 of Gopalpura and 3 of Kalkunte and joins cart-track No. 16.

18. Cart-track from Veerathimmanahalli to Pathamuthakapalli and Muthkapalli 12 feet wide and about 2 miles long open for men and cattle throughout the year. It enters the forest on the western demarcation line at a point about 7 chains south-east from the south-east corner of Survey No. 10 of Veerathimmanahalli, runs south-east in Survey Nos. 14 of Veerathimmanahalli, 66 of Gopalpura, 188 of Kornelli and 132 and 125 of Nernipalli villages and leaves the forest in the eastern demarcation line at the tri-junction gadi bondhs of Nernipalli, Pathamuthakapalli and Muthkapalli villages.

19. Cart-track from Gizaganahalli (and Srinivasapur) to Muthkapalli and meets cart-track No. 18, 12 feet wide and 55 chains long open for men and cattle throughout the year. It enters the Forest on the western demarcation line at a point about 2 chains south from the tri-junction gadi bondhs of Kalkunte, Gizaganahalli and Gopalpura villages runs east in Survey Nos. 3 of Kalkunte and 132 of Nernipalli and joins cart-track No. 18.

20. Foot-path from Kalkunte to Gangaramanna Vockkri in Survey No. 3 of Kalkunte, 6 feet wide and 39 chains long, open for men and cattle throughout the year. It enters the forest in the southern demarcation line at a point about 11 chains north-east from the north-east corner of Survey No. 1 of Kalkunte, runs north through Survey No. 3 of Kalkunte to the abovesaid Vockkri.

21. Foot-path from Kalkunte to Kornelli and on to Pegalpalli 6 feet wide and about 1 mile long open for men and cattle throughout the year. It enters the forest in the southern demarcation line at a point about 7 chains north-east from the north-east corner of Survey No. 4 of Kalkunte, runs north in Survey Nos. 132 of Nernipalli and 188 of Kornelli and leaves the forest in the eastern demarcation line at a point about 11 chains south-west from the north-west corner of Survey No. 187 of Kornelli.

22. Cart-track from Kalkunte to Nernipalli 12 feet wide and about 42 chains long open for men and cattle throughout the year. It enters the Forest in the southern demarcation line at a point about 7 chains east from the south-east corner of Survey No. 7 of Kalkunte, runs east in Survey Nos. 10 of Kalkunte and 132 of Nernipalli and leaves the forest in the eastern demarcation line at a point about 15 chains west from the south-western corner of Survey No. 127 of Nernipalli.

23. Cart-track from Kalkunte to Attikunte 12 feet wide and about 60 chains long open for men and cattle throughout the year. It enters the forest in the southern demarcation line at a point about 13 chains north-east from the south-east corner of Survey No. 14 of Kalkunte, runs south-east in Survey Nos. 10 of Kalkunte and 206 of Muthkapalli and 3 of Attikunte and leaves the forest in the southern demarcation line at a point about 8 chains north-west from the north-west corner of Survey No. 5 of Attikunte.

24. Cart-track from Muthkapalli to Kalkunte 12 feet wide and about 20 chains long open for men and cattle throughout the year. It enters the forest in the eastern demarcation line at a point about 25 chains south-west from the north-west corner of Survey No. 200 of Muthkapalli, runs north-west in Survey No. 206 of Muthkapalli and joins cart-track No. 23.

25. Foot-path 6 feet wide and 29 chains long open for men and cattle throughout the year from Kalkunte village to Machayankunte in Survey No. 10 of Kalkunte. It enters the forest at a point 19 chains east from the north-east corner of Survey No. 15 of Kalkunte runs south-east in Survey No. 10 of Kalkunte to the Kunte.

26. Foot-path from Attikunte to Machayankunte in Survey No. 10 of Kalkunte 6 feet wide and about 60 chains long open for men and cattle throughout the year. It enters the forest in the southern demarcation line at a point about 8 chains north-west from the north-west corner of Survey No. 5 of Attikunte, runs north in Survey Nos. 3 of Attikunte, 206 of Muthkapalli and 10 of Kalkunte to the abovesaid Kunte.

27. Foot-path from Muthkapalli to Machayankunte 6 feet wide and about 20 chains long open for men and cattle throughout the year. It enters the forest in the eastern demarcation line at a point about 28 chains north-west from the north-west corner of Survey No. 200 of Muthkapalli runs north-west in Survey Nos. 206 of Muthkapalli and 10 of Kalkunte to the Kunte.

28. Cart-track 12 feet wide and about 50 chains long from Jokunte to Attikunte and on Muthakapalli, open for men and cattle throughout the year. It enters the Forest in the southern demarcation line at a point about 3 chains east from the north-east corner of the new cultivation in Survey No. 5 of Jokunte and runs east in Survey No. 5 of Jokunte and 3 of Attikunte and leaves the forest in the southern demarcation line at a point about 8 chains north-west from the north-west corner of Survey No. 5 of Attikunte.

29. Cart-track 12 feet wide and about 40 chains long from Jokunte to Attikunte open for men and cattle throughout the year. It enters the forest in the southern demarcation line at a point about 3 chains east from the north-east corner of the new cultivation in Survey No. 5 of Jokunte (like 28), runs east and south-east in Survey Nos. 5 of Jokunte and 3 of Attikunte, and leaves the Forest in the southern demarcation line at a point about 5 chains west from the north-west corner of Survey No. 4 of Attikunte:

Remarks.

The following concessions are allowed within the Block:—

1. *Norvamakalapalli*.—1. Free grazing except goats in the State Forest.
2. The feeders to Norvamakalapalli Tank may be left intact, the maintenance of which will vest in the people of the village as heretofore.
2. *Dasarithimmanahalli*.—Repairing Siddareddi Vokkari in Survey No. 173 (Not in Survey No. 206 as stated by the villagers) may be done by the villagers.
3. *Nernipalli*.—Permission may be granted to potters to take earth from Survey No. 125 included in the forest as the Industry is their chief source of livelihood.
4. *Kalkunte*.—Repairing Mechainakunte and Gangerenimara lakunte included in the Forest Block by the villagers at their own cost.
5. *Muthakapalli*.—Allowance to potters and uppers to bring clay for pottery and lime stones, respectively, which they require for their livelihood.

No. G. 3390—Ft. 118-36-2, dated 23rd November 1936.

The Government of His Highness the Maharaja of Mysore are pleased to declare under provision of Section 35 (iii) of the Mysore Forest Regulation XI of 1900, that the area the boundary of which is set forth in the schedule appended to this notification, shall be deemed to be a Reserve, subject to the exercise of rights specified at foot thereof.

Hassan	Dudda	Koravangala plantation	247 17	The block is situated to the right of the Hassan-Arsikere Road.

Boundaries.

North.—Starting from the south-west corner of Survey No. 53 of Jakkenahalli the line follows the southern boundary of the same Survey Number to a length of 40 chains, then it turns south and runs for 10 chains along western boundary of the Katte and turns east and runs for 10 chains along the southern boundary of the Katte and then turns north and runs for 12 chains to the north-east corner of the Katte and then it turns slightly north-east and follows the southern boundary of Survey Nos. 52 and 51 to a length of 35 chains to the south-east corner of the last named Survey No. 51 of Jakkenahalli.

East.—Then it runs south-east and runs to a distance of $7\frac{1}{2}$ chains to the side bondh (stone heap) and then it turns south-west for 8 chains and then slightly south-west for a distance of 32 chains to the side bondh through the kaval; then it turns south and runs for 13 chains to the side bondh and then west and runs over a length of $12\frac{1}{2}$ chains to a point, 12 chains south from the south-east corner of the Katte; and then it turns south and runs in a straight line through Survey No. 1 of Koravangala Kaval for 114 chains and then along the western boundary of Survey No. 170 and 169 over a distance of about 31 chains to the south-west corner of the last named Survey No. 169 of Koravangala Kaval; it then turns east and follows the southern boundary of Survey No. 169 to its south-east corner and then turns north and follows the eastern boundary of Survey No. 169 to its north-east corner and then turns east and follows the southern boundary of Survey Nos. 158, 157, 152, 151, 144, 143 and 136, of the Koravangala Kaval to the south-east corner of Survey No. 136, then it turns south and follows the western boundary of Survey No. 134 to its south-west corner and then it turns east and follows the southern boundary of the same Survey Number to its south-east corner; it then turns south and follows the western boundary of Survey Nos. 94, 129, 130 of the Koravangala Kaval to the south-west corner of the last named survey number.

South.—Then it turns west and follows the northern boundary of Survey No. 23 of Yoghalli to the south-east corner of Survey No. 139 of the Koravangala Kaval; it then turns north and follows the eastern boundary of Survey No. 139 of the Koravangala Kaval to its north-east corner; it then turns west and follows the northern boundary of Survey Nos. 139, 140, 147, 148, 162, 161, 167, 174, 179, 186, 191 and 196 to the north-west corner of Survey No. 196 of the Koravangala Kaval.

West.—It then turns north and runs through the Koravangala Kaval to a length of 185 chains and meets the starting point.

The following rights of way are admitted:—

(1) A width of 40' along the northern boundary of the plantation to the Katte and on to the eastern block of the Koravangala Kaval for the movement of the Government Cattle.

For people only.—(2) Foot-path from Koravangala Village to Koravangala Amrit Mahal Kaval, (Eastern block) and on to cultivated lands.

This enters the reserve on the western boundary at a point about 9 chains south from the south-western corner of Survey No. 53 of Jakkenahalli village which is the starting point and runs due east for a distance of about 62 chains and quits the forest on the eastern boundary.

(3) Foot-path from Jakkenahalli to Koravangala Amrit Mahal Kaval (Eastern block) and on to cultivated lands.

This enters the reserve on the northern boundary at a point about 7 chains east from the south-western corner of Survey No. 53 of Jakkenahalli, which is the starting point and runs south for about 9 chains and joins the foot-path No. 2 described above.

(3) Foot-path from Koravangala and Jakkenahalli Villages to Yoghalli.

Foot-path No. 1 described above after it runs for about 48 chains from its starting point turns in south-easterly direction running for about 5 chains quits the reserve on the eastern boundary. It again enters the reserve on the eastern boundary from the middle of the southern boundary of Survey No. 151 of Koravangala Kaval and runs in south-easterly direction for about 28 chains and leaves the reserve on the southern boundary at a point about 7 chains east from the north-west corner of Survey No. 147 of Koravangala Kaval.

(4) Foot-path from Uddanahalli to Handrangi.

This enters the reserve on the eastern boundary at a point about 10 chains west from the south-eastern corner of Survey No. 169 of Koravangala Kaval and runs in south-westerly direction for about 15 chains and quits the forest on the southern boundary at a point about 7 chains west from the north-eastern corner of Survey No. 174 of Koravangala Kaval.

SUBJECT.

Pilgrim Ships—Sailings—Passage Rates.

The accompanying Press Communique dated 23rd October 1936, issued by the Government of India, Department of Education, Health and Lands, New Delhi, is published for the information of the public.

By Order,

M. VENKATANARAYANAPPA,
Secretary to Government,
Development Department

GOVERNMENT OF INDIA.

Department of Education, Health and Lands.

New Delhi, dated the 23rd October 1936.

PRESS COMMUNIQUE.

The following information is published for the guidance of pilgrims proceeding to the Hejaz from India by the direct sea route :—

Programme of Sailings;—Messrs. Turner, Morrison & Company, Limited, Bombay, have notified the following sailings :—

S. S. "Jehangir" from Bombay, on the 3rd November and from Karachi on the 7th November 1936.

S. S. "Islami" from Bombay on the 19th November and from Karachi on the 23rd November 1936.

S. S. "Alavi" from Bombay on the 8th December and from Karachi on the 12th December 1936.

Special sailings of pilgrims ships after the month of Ramzan will be as follows :—

S. S. "Islami" from Bombay to Jedda direct on the 4th January 1937.

S. S. "Rahmani" from Karachi to Jedda direct on the 4th January 1937.

The steamers and sailing dates are announced only provisionally. The Company will make every effort to keep the programme but retain the liberty to make such alterations and adjustments in it as may appear necessary. In addition to the abovementioned sailings others will be arranged as required.

2. *Supply of food to pilgrims during voyage*.—All pilgrims will be supplied with cooked food by the Shipping Company during the voyage and cooking on board in pilgrims' private stoves or *sigrees* will be strictly forbidden.

3. First and second class pilgrims will be supplied daily throughout the voyage with morning tea, breakfast, luncheon, afternoon tea and dinner and all the usual table service will be provided.

4. Deck passengers will be supplied daily throughout the voyage with food on the following scale :—

(a) *Morning tea*—

(i) One cup of tea.

(ii) Two biscuits or one *chapati*, according to the pilgrim's choice.

(b) *Day meal*—

(i) Rice or chapatis, according to the pilgrim's choice in such quantity as the pilgrim may require.

(ii) One plate of mutton and vegetable mixed, on alternate days.

(iii) One plate of vegetable dish, with or without dry fish, according to the pilgrim's choice, on days on which item (ii) above is not supplied.

(iv) Dal in such quantity as the pilgrim may require.

(v) *Kachumar* or pickles.

(c) *Afternoon tea*.—

One cup of tea.
